|---------------------------------------------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Warm, credibility-led intro to a professor. Signals respect for expertise while opening a channel for academic guidance before term begins. | Unsolicited internship pitch to a VC firm. Leads with role fit, connects prior experience to the firm's thesis, ends with a single low-friction ask. | Post-application nudge to a PE firm. Reaffirms interest, ties background to the role's demands, and requests a status update — without pressure. | Intra-cohort outreach to a fellow IIM-A student. Conversational and specific — not a template blast. Built for genuine connection before campus begins. | Respectful ask to a senior alumnus (Deep Kalra, MakeMyTrip). Acknowledges their journey specifically, positions Yash's ask as a learning conversation, not a favour. |

DRAFTED EMAILS

01 ACADEMIC INTRODUCTION

To: Professor Sagnik Sarkar

Sub: Incoming PGP Student – Quick Introduction

Hi Professor Sarkar,

I'm Yash Ajmera, joining the PGP batch of 2026–28 at IIMA. I'm looking forward to your mathematics course and wanted to introduce myself ahead of the term.

Before IIMA, I spent two years at BCG in management consulting and then moved to HighRadius in Sales Strategy — so while I'm comfortable with analytical frameworks, I'm keen to sharpen my quantitative foundations under your guidance.

Would you recommend any prep material I should cover before the course begins?

Thanks & Regards,  
Yash Ajmera

02 COLD VC OUTREACH

To: Elevation Capital

Sub: Internship Interest – Analyst Role | IIM Ahmedabad

Hi [Name],

I'm an incoming PGP student at IIM Ahmedabad (batch 2026–28), with prior stints at BCG (management consulting) and HighRadius (Sales Strategy). My work has spanned market entry, pipeline strategy, and cross-functional execution.

Elevation's focus on early-stage consumer and fintech closely aligns with the sectors I've followed and worked adjacent to. I'm actively exploring analyst internship opportunities for the summer.

Could we set up a 20-minute call to explore if there's a fit?

Thanks & Regards,  
Yash Ajmera

---

### 03 PE FOLLOW-UP

To: Blackstone

#### Sub: Following Up – Summer Internship | Analyst Role

Hi [Name],

I wanted to follow up on my earlier application for the summer analyst internship at Blackstone.

I remain very interested — my background across BCG and HighRadius, particularly in structured problem-solving, commercial strategy, and cross-functional stakeholder work, maps well to the analytical demands of a PE environment.

Could you share an update on the process or next steps?

Thanks & Regards,  
Yash Ajmera

---

### 04 PEER NETWORKING

To: Fellow IIM-A PGP '26 Student

#### Sub: Fellow PGP '26 – Would Love to Connect

Hi [Name],

I'm Yash — joining the PGP batch of 2026–28 at IIMA. I come from a consulting and commercial strategy background (BCG, HighRadius) and am keen to connect with batchmates before the term kicks off.

I noticed [specific detail — their background/city/interest] and thought we'd have some interesting things to exchange.

Open to a quick call or chat over the next couple of weeks?

Thanks & Regards,  
Yash Ajmera

---

### 05 ALUMNI COFFEE CHAT

To: Deep Kalra — MakeMyTrip

#### Sub: Coffee Chat Request – IIM Ahmedabad Alumnus

Hi Mr. Kalra,

I'm Yash Ajmera, joining IIMA's PGP batch of 2026–28. Before this, I spent four years across BCG in management consulting and HighRadius in Sales Strategy.

Your journey building MakeMyTrip — navigating both hypergrowth and significant adversity — is something I've followed closely. As I think about my own path in strategy and entrepreneurship, I'd value 20 minutes of your time.

Would you be open to a brief coffee chat at your convenience?

Thanks & Regards,  
Yash Ajmera
